CARGO-MOVE

——Hoist With Push Trolley

Hoist With Push Trolley is constructed by manual chain hoist and trolley clamp, which can be easily installed on H-shaped track. It's firm and durable, and can be used in moving or transport of cargo or equipments.

Product Feature

- *Specially used in limited clearance height, with wheel gear.
- *Tightly connected with a single track trolley.
- * With compact design, it's an ideal cargo lifting equipment for low ceiling and limited clearance height places.
- *Adjustable width, easy installation.
- *Suitable for straight line and curve track.
- *Meet CE quality standard.
