CARGO-LIFT

—Lifting Ropes

4-branch, defence ring

Lifting ropes are widely used in different fields like petrol, chemical, no fire area, machine process, machine assemble and outer surface paint container lifting. Rope length is decided by users from 0.5T to 150T. With light weight, efficient, anti-abrade and non-sparkle collision, it's used in power plant for overhauling and hoisting of generator and steamer rotor, etc. It is an ideal substitute product of steel wire rope.
