

CARGO-MOVE
— Cylinder Cart

Cylinder cart has two types: **single-cylinder** and **Dual cylinder cart**.

It is well structured and designed based on ergonomics and relevant safety regulation. The holder is equipped with safety chains to fix the cylinders tightly. The unique design of the standing legs effectively reduces the work intensity.

It is lightweight and easy for hand operation.

Application:

It is widely used in factories, workshops, warehouses, oil depot for the loading, unloading, handling, stacking of cylinders and drums. It can be modified for the handling, lifting of heavy objects. As a multi-purpose tool, it greatly improves the work efficiency.
