CARGO-MOVE

—Tow Strap

Tow Strap is easily tied onto vehicles for its special hook design, easily drag breakdown cars, jeeps, trucks etc. It's much lighter than steel wire rope and steel chains in weight. With the properties of non-rust, none-rot, non-mildew, it is suitable to be stored in the car trunk or tool box.

Product Features

- *Light weight, convenient storage, good choice for emergency use.
- *Fluorescence color ensures safe use at night.
- * Apply to none load-carrying vehicle , over rated load is not allowed.
- *Easy to drag vehicle away from accident spot.
- * Strong forged hook with lock prevent breaking off .

Attentions

- *Do not exceed rated load.
- *Do not tow on coarse surface.
- *Repaired strap is not allowed to use.
- *Slowly tow after strap being tense. Fast operation is prohibited.
- *Regular check is needed to ensure normal use.

Do not use in cases that

- *The strap eroded by acid or alkali.
- * There are molten, carbonized and welded parts on the strap.
- *The strap is knotted tied.
- *Distortion, holes or any damage found.

Specification
