

CARGO-SORT®

—Economical Combination Toolbox

Combination Toolbox (Economical Type) is a flexible combination of its top, middle and lower box, which can also be used independently due to its independent central locking structure.

Its design of multi-drawer structure can meet different storage needs. The drawer rail is in shaped like “工” by cold forming. The bottom plate of lower box is one time molded with high structural strength. TBR2005D/TBR2003E has 100mm diameter casters, two of which are omni-directional wheels with brake. TBS2000 is a removable carriage platform. Comparing with professional type and industrial type, it's smaller and more economical.

Application

It is suitable for the classification storage of small parts, screws, tools and small items commonly used in workshop. It makes the workshop well-organized.

Specification

Model	Drawer Quantity (pcs)	Drawer Size W*D *H (mm)	Dimensions (mm) W*D*H (including wheel height)
TBT3106A	6	3*(168.5*287*50.5) 2*(565*287*50.5) 1*(565*287*74.5)	660*322*380
TBI2003B	3	2*(570*288*48) 1*(570*288*74.5)	668*338*270
TBR2005D	5	3*(550*386*75.5) 2*(550*386*155)	680*435*780
TBR2003E	4	3*(550*400*75.5) 1*(571*432*318)	680*436*780
