CARGO-SORT®

—Medium Duty Rack

Medium Duty Rack is made of high-quality steel without bolt structure, convenient to install and disassemble. It has strong load capacity. With its large storage space occupied, it's suitable for the storage of large volume and heavy weight goods in warehouse, workshop or showroom, etc.

Product Features

*The rack with metal boards is made from high-quality steel. Its surface is treated by electrostatic powder coating;

*The distance between clapboards is adjustable, minimum 15cm. Easy installation, only need a rubber hammer.

*The rack can be fixed on the ground by expansion screws to improve security and solidity.

*The neighboring racks can be linked together to improve strength. (Note: The Load capacity of each rack cannot be improved)

*Three clapboard for your choice: flakeboard, netting board and Galvanized board.

*Flat package, convenient for transportation and storage.

*Labels and joints are optional, easy to assemble.

Product Application

Specification

Model	Length (mm)	Width (mm)	Height (mm)	Load per level (kg)	Level No.	Total Load (kg)
