

CARGO-SORT —Mesh Storage Cage

Mesh Storage Cage is stackable without damage to cargo. It also has collapsible type to reduce storage space. It is an ideal choice for the storage of warehouse and factory.

Product Types

*Collapsible Mesh Storage Cage

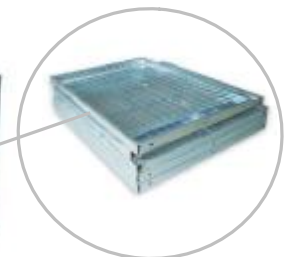

- * Foldable, saving space
- * Stackable
- * Easy for forklift operation
- * Suitable for conveying and storage between or inside factories.

Collapsible Type
RCD111197

*Closed Mesh Storage Cage

- * Welded cubic tube structure, Max load weight 1500kg
- * Closed mesh walls, safe to store expensive goods
- * With special stack foot to ensure stable stacking.
- * Galvanized surface treatment
- * Stack 3 layers max

Closed Type
RE1212

*Welded Mesh Storage Cage

- * Angle iron jointing structure, much higher frame intensity and common mesh container, especial safe for stacking. Longer use life.
- * Special stack bottom foot, can be used with pallet truck, Forklift, lifter, transfer crane, easily realize three-dimension storage.
- * Match with logistics equipment, widely used in load& unload, Transportation and storage.
- * Flexible opening design, easily take goods when stacking.
- * Foldable type is optional to reduce storage space.
- * Stack 3 layers max in full loading conditions.

Welded Type
RC111197
