CARGO-SORT® —Nestable Container

Nestable container takes most use of space with its insertable design. It saves 55% space than normal stacking way. Easy to carry and manage, it is widely used in transport, storage, distribution processing of factory and other logistics system.

Product Features

- *Smooth top surface, easy to print logo for distinguishing and advertising need.
- *Reinforcing box wall increases the load strength;
- * Covers surface and bottom are dermatoglyph-designed, which increases the friction force during storing and stacking, and improve stability and security;
- * Zigzag type occlusive covers, ensure the container tightly sealed, improves the stack stability
- * Steel hinge link structure between the cover and the box, increases the joint strength , smooth opening;
- * One-time lock device prevents the material from being stolen or scattered during handling and distribution.
- * Ergonomically designed handle, easy to carry;
- * A district on container side for bar code, easy to tear or stick the label frequently, or attach plastic card pocket.
