CARGO-SORT®

—Professional Combination Toolbox

Combination Toolbox (Professional Type) is a flexible combination of its top and lower box, which can also be used independently due to its independent central locking structure. Its design of multi-drawer structure can meet different storage spaces. Each drawer has a separate anti-tilt latch and automatic reset function. It is inner-concave side plate structured, with strong three-dimensional sense and high load capacity.

It is suitable for the classification storage of small parts, screws, tools and small items commonly used in workshop. It makes the workshop well-organized.
